

UNIVERSITÀ DEGLI STUDI  
DELL'INSUBRIA

The Board of the BS and MS Degrees in Chemistry  
Department of Science and High Technology

proposes the lectures cycle:

# **Unconventional catalysis: advanced catalytic systems design and curious behaviors**

October 11<sup>th</sup>, 2023, h 14:00, Aula Magna, Via Valleggio 11,  
Como

- **Synthesis and characterization of NHC complexes**
- **Evolving ligand design concepts**

October 12<sup>th</sup>, 2023, h 14:00, room VA3, Via Valleggio 11,  
Como

- **Multitasking catalysis**
- **Curious cases in fluorination chemistry**

October 13<sup>th</sup>, 2023, h 14:00, room VA3, Via Valleggio 11,  
Como

- **Membrane application in catalysis and catalyst recovery**

The lectures cycle will be given by

**Prof. Fady Nahra**

University of Gent, Gent, Belgium
